About Me

A motivated and detail-oriented Bachelor of Computer Applications (BCA) student with a strong foundation in programming, software development, and problem-solving. Passionate about learning new technologies and applying theoretical knowledge to real-world projects. Eager to contribute to dynamic tech environments through internships, collaborative projects, and continuous learning. Strong team player with excellent communication skills and a commitment to personal and professional growth.

Experience

ICT Intern – Mobile App Development (Flutter)

May 2025 – June 2025

- Developed a cross-platform mobile application using Flutter and Dart as part of the ICT internship project.
- Designed responsive UI components and implemented features like navigation, form handling, and local storage.
- Collaborated in a simulated team environment to follow agile methodologies and submit weekly progress reports.
- Gained hands-on experience in mobile app lifecycle management, UI/UX design, and debugging using Flutter DevTools.
- Successfully presented the working prototype at the end of the internship, showcasing functionality and code structure.

Projects :

Spotify Clone App (Flutter)

Created a basic music streaming app with playlist UI, song tiles, and playback controls.

Demographic Data Analyzer (Python)

Analyzed and visualized population data using Pandas and Matplotlib charts.
